

Dear Administrator:

Schoolbelles has successfully serviced school uniform programs for 52 years. Our company was built by my mother, Mary Carroll on the idea that if you offer good quality merchandise and offer the stock year-round your customers are satisfied and your company will be successful. She started with a sample bag of 3 different jumpers. Times sure have changed from those days.

This past year we retooled our web site and as part of our planning we wanted to make looking at new or different uniform ideas easy. Attached you will find our general catalog. Please remember that this represents the majority but certainly not all we offer our schools. Our line of Spirit Wear, bookstore and fundraising merchandise is constantly changing. We would love the opportunity to present this line in person, just give us a call.

Tradition is still important with our school uniform programs, but we also realize that the students want more input. Retailers are offering similar looking products, but they are not built with our uniform quality. Schoolbelles has always offered the highest quality available, because we know the wear and tear these garments endure. We are always ready to look for new items that keep the students looking sharp and coordinated, and making them feel up to date.

Please take a minute to look over our catalog – it may strike some interest in a new product or color for your school. We would love to personally meet with you and your committee or send samples so you can touch and feel the quality and durability of our line.

I would love to chat with you about your school uniform program, or get you in touch with your local representative for a meeting. Please feel free to call or email any time with any questions or suggestions. You can reach me at 216.898.5500 x125 or email at bcarroll@schoolbelles.com.

Thank you,

Schoolbelles®,
